

Acknowledgements

How I came to write this book I tell at the end of the Introduction (see below). What has made it possible is the books and articles of the authors, mainly Spanish arabists, who have previously published on Islamic Spain. For discussions, advice, and criticism I am indebted to Maribel Fierro, Manuela Marin, Th. Marita Wintjes, Juan Souto, Brian Catlos, and Beatrice Beech. And, to the latter, for patience as well.
